Portage County Youth Risk Behavior Survey Presentation

Monday, March 4th at 6:30 PM

Trinity will host a presentation in the sanctuary on the results of the recent "Youth Risk Behavior Survey." The survey, taken by senior high students from throughout Portage County, addressed issues ranging from drug, alcohol and tobacco use to self-care and emotional well-being. Junior high students in the area recently completed a similar survey. A representative from both the Stevens Point School District and Health and Human Services will join us that evening. Parents and interested others are encouraged to attend this important conversation.
